SUMMARY

MERN Stack Developer with a strong foundation in MongoDB, Express.js, React.js, and Node.js. Skilled in building responsive, user-friendly full-stack web applications, integrating REST APIs, and developing modern frontend interfaces using React.js and Next.js. Passionate about writing clean, maintainable code and eager to contribute to real-world projects while continuously learning new technologies.

TECHNICAL SKILLS

Frontend: Next.js, React.js, Redux Toolkit, Tailwind CSS, JavaScript (ES6+), TypeScript, HTML5, CSS3,
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Database: MongoDB, PostgreSQL, MySQL
Tools & Platforms: Git, GitHub, Postman, VS Code, npm
Concepts: Responsive Web Design, API Integration, CRUD Operations, Authentication & Authorization, State Management, Component-Based Architecture Error Handling & Debugging

TRAINING

OCT 2025 – JULY 2026

Kozhikode, Kerala

Full Stack Web Development (MERN Stack)

- Completed project-based training focused on developing scalable web applications and solving real-world development challenges.
- Gained practical experience working in a collaborative team environment using Git, feature branching, code reviews, and Agile workflows.
- Worked on industry-oriented projects, translating UI designs into responsive web applications and integrating backend services.
- Improved problem-solving, debugging, and software development practices through hands-on project implementation.

PROJECTS

Online Car Service Website

React.js, Node.js, Express.js, MongoDB

- * Developed a full-stack online car service booking platform.
- * Built REST APIs and integrated MongoDB for data management.
- * Implemented customer registration and appointment booking features.

CRM Live Project (Team Project)

Next.js, React.js, TypeScript, Material UI, REST APIs, Git

- * Developed Email, Meetings, and Attachments modules for a CRM application.
- * Integrated REST APIs and built responsive UI using Material UI.
- * Collaborated with the team using Git and feature-based development.

Full-Stack E-Commerce Application

React.js, Next.js, Node.js, Express.js, PostgreSQL, Redux Toolkit, Tailwind CSS

- * Built a full-stack e-commerce platform with authentication and product management.
- * Developed REST APIs and integrated PostgreSQL with the frontend.
- * Implemented cart, checkout, and order management features.

EDUCATION

Bachelor of Computer Applications

2022-2025

Bengaluru North University

INTERNSHIP

Cyber Security Intern

Jan 2025 – Mar 2025

Atmic Systemics Private Limited

Bangalore, India

- * Successfully completed a Cyber Security Internship at Atmic Systemics Private Limited and received an internship certificate.
- * Gained practical experience in network monitoring, penetration testing, incident response, and cybersecurity best practices.
